

Blinds measure sheet

Location <small>Where in your home is this blind going?</small>	Blind type <small>eg. blackout roller, sunscreen honeycomb, vertical, venetian</small>	Colour <small>Which colour did you choose from the free samples?</small>	Fit <small>Will this blind go on the inside or outside of the frame?</small>			Width <small>(a) on the measuring guide. Tip: Circle smallest number for easier ordering.</small>			Drop <small>(b) on the measuring guide</small>	Control side <small>Do you want to control the blind from the left or right side?</small>	Control length <small>How long does the control need to be? Specify in mm and measure from the top of the blind.</small>
			(a)1	(a)2	(a)3	(b)1	(b)2	(b)3			

We've got it covered

Allowances for brackets and other hardware are taken care of at our end so you only need to supply the exact measurement of your window (this chart is for your reference only).

Blind Types	Width	Drop
